Virginia Tech Family,

It is with great excitement that I welcome you to the 31ST annual Hokie Harvest Sale. This event has and will always be one of the highlights of fall in Virginia. Dr. Dan Eversole, Chad Joines, and the 2025 Livestock Merchandising Class have been working diligently to continue this event's legacy.

Plantation Road is one of those exciting landmarks in the fall sale season that we celebrate the vigor of the nationally recognized beef program at Virginia Tech and reconnect with so many that impacted us over the years. This year's event has been enhanced with the celebration of the Livestock Hall of Fame and a home football game against Louisville to follow on Saturday.

The genetics within the pages to follow are relevant with power and functionality. They carry a prefix that has been enamored over time by many organizations across the nation, and more importantly, they are worthy of your appraisal. I am personally excited to be a part of sale. This year, Virginia Tech is offering several sets of ET brothers in both the Charolais, Angus and SimAngus divisions. I had the pleasure of viewing the offering in late August and I am always available to assist you. Please reach out to the marketing team or myself so that we can enhance your experience.

Sincerely,

Thomas Carper

Greetings,

On behalf of the School of Animal Sciences (SAS) at Virginia Tech, we welcome you to the 31st Annual Hokie Harvest Sale. Please accept this letter as your personal invitation to join us on Friday, October 31 at 6:30 PM EDT for our annual event. After three decades of offering Livestock Merchandising, we have been overwhelmed with the student interest and relevance of this course in the SAS undergraduate curriculum. Over 2,100 students from various majors and colleges have enrolled in this course since its inception in 1995 and have later become industry leaders and prominent livestock producers. Don't miss out on this opportunity to witness another wave of future industry leaders in action!

The Hokie Harvest Sale has developed a significant reputation over the years for selling high quality, university-owned beef cattle and is unique to this land-grant university because it has been organized and managed by students in an experiential learning environment. Both two- and four-year students have gained "hands-on" experience in sale management, budgeting, advertising, cataloging, clerking, and livestock photography. This year's class has worked extremely hard in the planning and preparation of this year's production sale, which includes a live auction of 65 head of registered and commercial beef cattle.

The present cattle market continues to be exciting with historical high prices across the board. The beef cattle presented in this sale exemplifies our commitment to producing progeny that will add predictable value to any commercial or purebred herd. Breeders of purebred Hereford, Simmental, Charolais, and Angus cattle will be able to select AI-sired progeny from a cross-section of the VT Beef Cattle herd. The purebred females are sired by and mated to recognized, proven, and popular breed-leading AI sires and will provide a golden investment opportunity for those who have limited AI knowledge or expertise. These females combine curve-bending GE-EPDs with proven production records while our promising herd sires stem from predictable cow families. A strong set of commercial fall-calving cows and spring-bred heifers of SimAngus origin will also be offered. Whether you want to build a registered herd or just add elite females to your commercial operation, be sure to study this offering.

[SaleRing.live](https://www.salering.live) will provide online bidding for the cattle sale if you feel more comfortable with that format. If so, you must register at www.salering.live/register at least 15 minutes before the sale using Google Chrome to watch/bid online in real-time. Complimenting this service, video is available on all sale cattle which can be accessed at <https://www.apsc.vt.edu/facilities0/beef-center.html> or at www.salering.live. Sale cattle will be displayed on sale day and readily accessible throughout the week of the sale. Please join us for a complimentary dinner before the cattle are sold via a video auction.

The School of Animal Sciences takes great pride in our university, our livestock, and especially our students. We encourage you to 'Come Experience the Harvest' on Friday, October 31st and get to know this great group of future industry leaders. Funds generated from the Hokie Harvest have and will continue to provide funding critical to the survival of departmental programs. Many thanks to all of you for your past support and interest in our beef cattle teaching program. Chad, Mead, and I are committed to making you a satisfied customer and are here to assist you in any way we can.

Sincerely,

Dr. Dan Eversole, Director
Beef Cattle Programs

SALE DAY ACTIVITIES

3:00 - 7:00 pm **Buyer Registration** in the Beef Cattle Barn
4:30 - 6:30 pm Complimentary **Barbecue Dinner** in the
Alphin-Stuart Classroom
6:30 pm **Cattle Sale** in Alphin-Stuart Arena

LIABILITY

All persons who attend the sale do so at their own risk. Neither Sale Management, Virginia Tech, nor any person connected with the sale assume any liability, legal or otherwise, for any accidents that may occur. Students and staff will be available and happy to answer questions about sale animals and present them for inspection. PLEASE DO NOT BRING DOGS ONTO SALE GROUNDS.

INSPECTION

Cattle are available for inspection at your convenience during the week and on sale day.

MAIL OR PHONE BIDS

Buyers unable to attend the sale may send their bids to Dr. Dan Eversole, Chad Joines, Mead Stolarz, or Col. Thomas Carper.

AIR TRANSPORTATION

Blacksburg is a 45-minute drive from the Roanoke-Blacksburg Regional Airport, which is easily accessible to Interstate 81 and Rt. 460 Bypass. American, Allegiant Air, Delta, and United Airlines serve the ROA Airport.

LODGING ACCOMMODATIONS

Hyatt Place	(540) 552-7500
Residence Inn by Marriott	(540) 750-4400
Hilton Garden Inn	(540) 552-5005
The Inn at Virginia Tech	(540) 231-8000

TERMS & CONDITIONS

Cattle sell under the Standard Terms and Conditions as suggested by the American Hereford Association, American Angus Association, American-International Charolais Association, and the American Simmental Association. Cash or good check will be accepted. All purchases are to be settled for at the conclusion of the sale and will remain at the VT Beef Center until proper settlement is made.

REGISTRATIONS & TRANSFER

Registration certificates will be transferred to the buyer at the seller's expense. Buyers must provide full name and address for transfer. Association member codes would be helpful if you are a member of a purebred breed association; however, this is not required to purchase cattle. Animal transfers will be done after settlement.

HEALTH REQUIREMENTS

1. All cattle for sale will meet the health requirements of the Commonwealth of Virginia and appropriate health papers will be furnished for interstate shipment. Every female (4-12 mo.) has been calf-hood vaccinated for Brucellosis.
2. If sale cattle are returned to the seller for an adjustment, they must meet health requirements of the Commonwealth of Virginia.
3. Yearling bulls have undergone a breeding soundness examination (BSE) and are considered satisfactory breeders as defined by the Society of Theriogenology. Buyers will be given a copy of the BSE results.

BREEDING GUARANTEE

Bulls are guaranteed to be breeders (defined as the ability to settle healthy cows by the time they are 14 months of age) with exception of:

- a. Injury or disease occurring to the animal after time of purchase.
- b. Gross negligence or willful misconduct on the part of the purchaser.

HERD HEALTH

All pregnant females were given a pre-breeding vaccine which consisted of a modified-live virus IBR-PI3, BVD, BRSV, and a 5-way Lepto bacterin. Any questions concerning general herd health can be directed to Dr. John Currin, College of Veterinary Medicine (0442), Virginia Tech, Blacksburg, VA 24061, 540/231-9041.

ANNOUNCEMENTS

Announcements from the auction block will take precedence over printed material in this sale book. Virginia Tech reserves the right to withdraw any sale lot from the sale that does not meet their specifications prior to the sale.

EPDs represented in this sale book were current at the time requested for the layout and printing of this sale book. EPDs are recalculated throughout the year by the respective breed associations, which mean the figures represented in this book may change for these animals in the future.

Livestock Merchandising Class

September 11, 2025

Dear Producers, Friends, and Fellow Hokies,

On behalf of the 2025 Livestock Merchandising Class at Virginia Tech, we are honored and excited to present to you, the 31ST Annual Hokie Harvest Sale Catalog. This is your personal invitation to "Come Experience the Harvest" on Friday, October 31, 2025 at 6:30pm at the Alphin-Stuart Livestock Arena at 500 Plantation Road in Blacksburg, Virginia.

Each fall, the Hokie Harvest Sale brings together livestock enthusiasts, alumni, and community members to celebrate quality cattle and hands-on student learning. Now celebrating its 31ST year, the Hokie Harvest Sale continues to be a hallmark event that is managed, organized, and promoted by the students in the Livestock Merchandising course taught by Dr. Dan Eversole. It is more than an auction, it is a classroom in action. With the guidance and expertise of numerous guest lecturers we have worked diligently to prepare for this year's sale. This experience provides students with invaluable, real-world opportunities in managing a livestock production sale, while offering you the opportunity to invest in high-quality cattle.

This year's offering will showcase 65 head of purebred and commercial cattle, representing the breeds of Angus, Simmental, Hereford, Charolais, and commercial females. This sale will feature a strong set of 8 purebred fall-calving cows, 7 commercial fall-calving cows, 3 purebred spring-calving cows, 12 commercial spring-bred heifers, 5 purebred spring-pair splits, and 25 herd-sire prospects that are backed by generations of solid cow families. Whether you are seeking foundation females or herd sires, we are confident you will find cattle here that will take your program forward.

We warmly invite you to join us prior to sale time for a complimentary barbeque dinner beginning at 4:30 PM in the Alphin-Stuart Livestock Teaching Arena. Registration begins at 3:00 PM EDT, and the sale will start at 6:30 PM. Enjoy fellowship, good food, and the spirit of the Hokie Harvest community before the bidding begins.

We hope you will do us the honor of participating in this year's sale, whether in person or online at SaleRing.Live (<https://salering.live/about/>). We remain deeply grateful for the support of our past, current, and future customers. God bless, and we look forward to seeing you on October 31 at the 31ST Annual Hokie Harvest Sale.

Sincerely,
The Catalog & Social Media Committee

- All four of these standouts are homozygous black and homozygous polled.
- One of the most unique offerings within this year's Hokie Harvest Sale is these four flush-mate brothers out of the most prolific Simmental donor in our history and backed by arguably the most phenotypically correct Delilah son to-date...WHF Point Proven H45.
- Savannah G993 is undoubtedly one of the most heralded donors within our program and resonates with extreme maternal qualities from a perfect udder to unrivaled angularity and phenotype.
- These ET full brothers are geared for the most serious of programs which emphasize power, genomics, and soundness during their visual appraisal.
- No matter whether you choose to mate them purebred or commercial, all will work by adding power and performance to their sons and extreme maternal qualities to their daughters.
- These 3/4 SM 1/4 AN brothers will add an extra shot of heterosis and enhance your mating versatility.
- You can't miss with a decision to take one or all four!

- Heifer Bull
- Accentuated with an elite 1% ranking for CEM, this high \$value young sire will contribute calving-ease (CED +12) and tremendous breeding value with his personal genomic record and enhance his offspring with his eye appeal and balance.
- 4M18 has a \$Values ranking in the top 15% of the Angus breed for \$EN, \$M, \$G, \$B, and an elite 10% for \$C.
- Sired by the multi-trait leading pathfinder sire, GB Fireball 672, and hailing from the prolific Shadoe tribe, this bull will meet the needs of the most selective breeders to generate dollar value within a calf crop.
- He is a paternal brother to Lot 37.

- Carcass Bull
- This breeding-age sire records six \$Values and nearly every key carcass trait in the top 10% of the entire Angus registry.
- 4M19 embraces years of disciplined breeding here at VT and has positioned himself to be at the top of every progressive cow/calf producer's short list.
- His dam posts a calving interval of 4/368 and WWR/YWR ratios of 3/109 and 3/104, respectively.
- He is a paternal brother to Lot 36.

VT-VERACIOUS 4M22

Lot 38

- Heifer Bull
- Sired by the carcass specialist at Hinkle's Prime Cut, this Veracious son is out of our featured Lot 6 Angus female and calving-ease matron, 1J13, in which this blending gave birth to a balanced, multi-trait young sire that will offer tremendous versatility.
- 4M22's dam is highly fertile and posts a calving interval of 3/365.
- This exciting young sire will perform well in forage-based breeding programs and will generate offspring that are visually appealing while solidifying balance across all the key performance traits.
- Buy with confidence here.

- Growth Bull
- Heterozygous Polled
- Since M404 has been recently confirmed by DNA analysis to be a carrier of DB (Delayed Blindness which is a retinal degeneration within the eye), he will sell as a commercial bull.
- This genetic defect will only present itself 25% of the time when mated to a female known carrier.
- This high-indexing Masterplan son blends curve-bending growth with unbelievable marbling.
- He is also unique within the outlier category when you study his genomic measures for inherent maternal traits and \$Indexes.

HOW TO BID ONLINE

IT'S EASY AS A, B, C!

ONLINE BIDDING

Step A

Type salering.live into your browser. Salering.live can be used on your phone, tablet or desktop. We strongly recommend using Google Chrome as your browser for the best viewing and bidding experience.

Step B

Click the "Login/Registration" button. First time users, click "Registration." Enter your personal information. Check box for "I Agree to the Terms Above." Click "Next Step." A confirmation email will be sent to the email address used in registration.

Salering.live reserves the right to refuse bidding credentials to any customer not meeting our specifications.

Step C

You are ready to go! You don't have to worry about a bidder number. As long as you are registered and logged in, you will be able to bid. Please remember you are on a highly sensitive web page. Please pay attention while scrolling or handling mobile/tablet devices.

Helpful Reminders!

PLEASE MAKE SURE YOU HAVE GOOD SERVICE! You should have, at bare minimum, two to three bars of service on your cellular devices. If you are using wifi, you need to have an upload speed of 5 mbps or more. Use www.speedtest.net to test your Internet.

Refresh your screen at sale time. Do not let your computer sit idle for over an hour and then return and try to bid. The website may have logged you out.

Salering.live does not handle money. All lots purchased will need to be paid to the farm directly or to sale management.

WWW.SALERING.LIVE

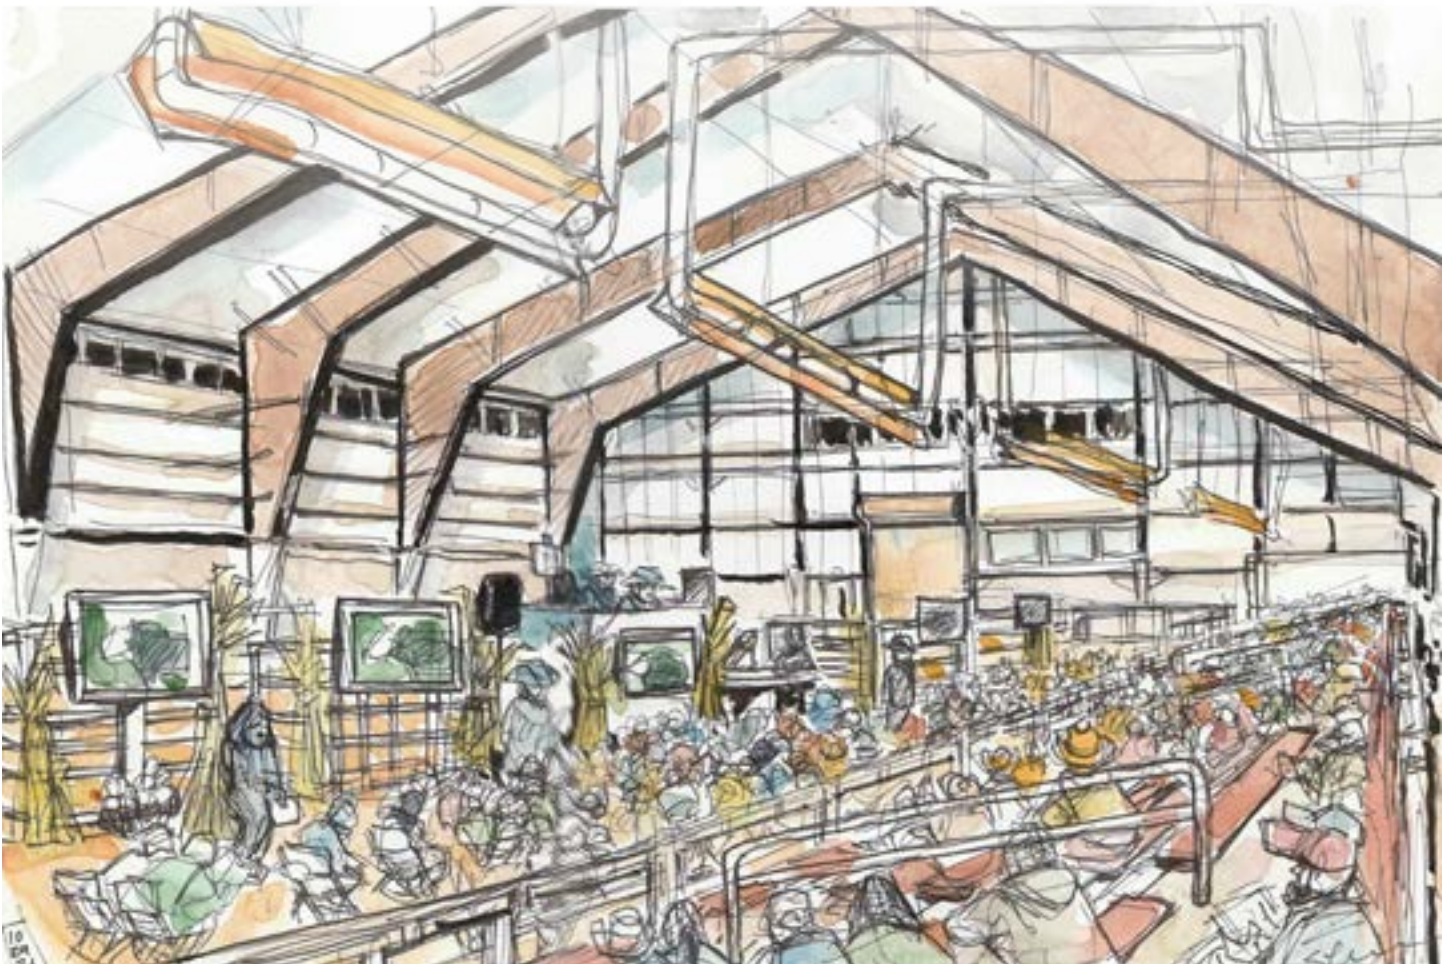

Experience the advantages of having local bankers that understand agriculture and put your farm first.
